

Construction & Engineering

Asia – Construction, civil and marine engineering

Our Nabarro Construction & Engineering group specialises in construction and arbitration throughout Asia.

OUR TEAM AND RESOURCES

Members of our team are well respected throughout Asia. Our construction practitioners offer a wide range of skills and services on international projects with both contentious and non-contentious applications.

We offer an integrated service covering procurement strategy, drafting expertise, ongoing project support, risk management, dispute avoidance and resolution. We have a detailed understanding of the legal frameworks and contracts commonly used on international projects including those approved by the Multilateral Development Banks for use on internationally-funded projects.

Here is a selection of recent projects:

Civil Engineering

Dubai: advised an international JV on contract issues under FIDIC “Red Book” around the refurbishment and upgrade of Al Maktoum Bridge.

Hong Kong: advised and represented a major contractor concerning a HK\$2 billion government contract for reclamation works.

Dredging and Offshore

Far East: advised an international JV on major dredging/reclamation works.

Indonesia: advised a Belgian specialist dredging and engineering MNC in respect of its bid for work in the dredging/development of the proposed Batam Maritime Centre.

Rail

Singapore: advised a French engineering and system technology MNC on its involvement as a system-wide specialist M&E supplier on the Mass Rapid Transit (MRT) Circle Line Project.

Singapore: advised on project controls, dispute management and non-contentious matters to a leading specialist Chinese tunnelling, infrastructure and engineering state enterprise on its involvement as tunnelling contractor on the MRT North-East and Circle Line Project.

Construction

Singapore: acted for a Government statutory board working with the private sector on the first land sale Build-Own-Operate (BOO) style project for the design, construction and operation of a multi-featured motor sport race track facility and “motor sports hub”.

Singapore: advised a US Fortune 500, NYSE listed medical technology company in the leasing, design and construction of a flagship specialist engineering and processing manufacturing plant.

Vietnam: reviewed and advised on contract risk, dispute management and Vietnam law issues to a Japanese engineering and construction group in respect of its participation in the development and construction of a tobacco processing and manufacturing plant for British American Tobacco Holdings.
